There will be fees incurred by both practices during \_\_\_\_\_'s stay. While DeSoto Animal Clinic's fees are normally paid at dismissal, there are situations when your pet will be discharged through BVE, and you will still have a balance due with DeSoto Animal Clinic, in that case you may be contacted by phone when regular business hours resume for payment, or a statement will be mailed to you.

When BVE provides a treatment plan and an estimate of charges, please remember their estimate does not include fees for services provided by DeSoto Animal Clinic.
